Grupuri de lucru

- Aritmii, Electrofiziologie si Dispozitive Implantabile
- Ateroscleroza si Aterotromboza
- Cardiologie de Urgenta
- Cardiologie Interventionala
- Cardiologie Pediatrica si Boli Cardiace Congenitale
- Cardiologie Preventiva si Recuperare Cardiovasculara
- Cardiopatie ischemica
- Ecocardiografie si alte Metode Imagistice
- Hipertensiune Arteriala

Formular înscriere în Societatea Română de Cardiologie a studenților la medicină

Pentru înscrierea în **Sectia Studentilor medicinisti** candidatul va completa formularul online de mai jos care va cuprinde:

- datele personale ale viitorului membru
- o scrisoare de recomandare din partea unui membru activ al SRC (format pdf, upload).

Membrul **Secției Studenților medicinisti** dobandeste statutul de membru afiliat al SRC, ceea ce presupune:

- achitarea unei cotizatii, care pentru membrii Sectiei Studentilor Medicinisti a fost stabilita la 0 (zero) lei, conform deciziei Consiliului de Conducere al SRC.
- faptul ca membri afiliati nu au drept de vot pentru organele de conducere ale SRC.
- faptul ca membri afiliati ai SRC sunt în același timp și membri ai Societății Europene de Cardiologie
- faptul ca membri afiliati vor susține scopul, obiectivele și activitățile Societății

ESC Committee for Practice Guidelines (CPG) and National Cardiac Societies document reviewers: listed in the Appendix.

Representing the EACTS

ESC members having participated in the development of this document:

Also include: Acute Cardiovascular Care Association (ACCA), European Association of Preventive Cardiology (EAPC), European Association of Percutaneous Cardiovascular Interventions (EAPCI).

Working Groups: Cardiovascular Pharmacotherapy, Cardiovascular Surgery, Coronary Pathophysiology and Microcirculation, Peripheral Circulation, Pulmonary Circulation and Right Ventricular Function, Thrombosis, Valvular Heart Disease

The content of these European Society of Cardiology (ESC) Guidelines has been published for personal and educational use only. No commercial use is authorized. No part of the ESC Guidelines may be translated or reproduced in any form without written permission from the ESC. Permission can be obtained upon submission of a written request to Oxford University Press, the publisher of the European Heart Journal and the party authorized to handle such permissions on behalf of the ESC (journal.permissions@oup.com).

Disclaimer: The ESC Guidelines represent the views of the ESC and were produced after careful consideration of the scientific and medical knowledge and the evidence available at the time of their publication. The ESC is not responsible in the event of any contradiction, discrepancy and/or ambiguity between the ESC Guidelines and any other official recommendations or guidelines issued by the relevant public health authorities, in particular in relation to good use of healthcare or therapeutic strategies. Health professionals are encouraged to take the ESC Guidelines into account when exercising their clinical judgment, as well as in the determination and the implementation of preventive, diagnostic or therapeutic medical strategies; however, the ESC Guidelines do not override, in any way whatsoever, the individual responsibility of health professionals to make appropriate and accurate decisions in consideration of each patient's health condition and in consultation with their patient and, where appropriate and/or necessary, the patient's caregiver. Nor do the ESC Guidelines exempt health professionals from taking into full and careful consideration the relevant official updated recommendations or guidelines issued by the competent public health authorities in order to manage each patient's case in light of the scientifically accepted data pursuant to their respective ethical and professional obligations. It is also the health professionals' responsibility to verify the applicable rules and regulations relating to drugs and medical devices at the time of prescription.
