PROGRAM

Ramada Plaza, Terra Hall,
3 - 5 Poligrafiei Ave Bucharest,
1st District 013704

COMPLEX ARRHYTHMIA MANAGEMENT

VIth edition

20 APRIL 2023

8.45 OPENING CEREMONY – Assoc. Prof. Dr. Dragoș Cozma, Assoc. Prof. Dr. Radu Vătășescu

SESSION 1: 9.00-11.00 - Advances in physiologic pacing

Moderators: Prof. Dr. Cristian Stătescu, Prof. Dr. Marek Jastrebszki

- 9.00- 9.15 Pre-recorded case 1: Physiologic pacing in HF (Bucharest, SCUB)
9.15 - 9.25 Deleterious effects of RV pacing – Dr. Sergiu Șipoș
9.25 - 9.37 BiV pacing to prevent and/or correct side effects of RV pacing – Prof. Dr. Cristian Stătescu
9.37 - 9.49 Physiologic pacing to prevent and/or correct side effects of RV pacing – Dr. Cătălin Pestrea
9.49 -10.09 Magistral lecture: Physiologic pacing for HF: His/LBBBA, HOT, LOT – Prof. Dr. Marek Jastrebszki
10.09-10.30 Q&A, Panel discussion

10.30-11.00 COFFEE BREAK / HANDS-ON DEMONSTRATIONS

Session 2: 11.00-12.30 - AF ablation in heart failure

Moderators: Prof. Dr. Dan Dobreanu, Prof. Dr. Laszlo Geller

- 11.00-11.15 Pre-recorded case 2: Personalized AF ablation in HF (Bucharest, SCUB)
11.15-11.25 LA ablation in HF: how can we improve patient selection - Dr. Alexandru Deutsch
11.25-11.35 LA ablation in HF: how can we improve efficacy - Prof. Dr. Diana Țiņț
11.35-11.45 Minimally Invasive Surgical AF ablation in HF - Prof. Dr. Horațiu Moldovan
11.45-11.55 AF rate control in HF: is it different in the era of physiological pacing?
Prof. Dr. Dan Dobreanu
11.55-12.10 AF ablation in HF – Recent developments - Prof. Dr. Laszlo Geller
12.10-12.30 Q&A, Panel discussion

12.30-14.00 LUNCH (IN THE BOX) SESSION/ ROUND TABLE

Session 3: 14.00-15.30 Malignant ventricular arrhythmia management in SHD

Moderators: Prof. Dr. G.-Andrei Dan, Prof. Dr. Thomas Deneke

- 14.00-14.15 Pre-recorded case 3: Image guided VT/ES ablation in SHD with HF (Bucharest, SCUB)
14.15-14.25 Electrical storm: from mechanism to early identification of patients at risk to develop it
Prof. Dr. G.-Andrei Dan
14.25-14.40 Early VT ablation in SHD: is it justified? Dr. Antonio Berruezo
14.40-14.50 Genetic testing for therapy planning in ventricular arrhythmia - Prof. Dr. Ruxandra Jurcuț
14.50-15.00 Catheter ablation in ES: when is the adequate timing - Assoc. Prof. Dr. Radu Vătășescu
15.00-15.15 Imaging-guided VT ablation in SHD - Recent developments - Prof. Dr. Thomas Deneke
15.15-15.30 Q&A, Panel discussion

How to insert into everyday practice the most recent scientific breakthrough

**20-21 April 2023,
ONSITE**

COMPLEX ARRHYTHMIA MANAGEMENT

VIth edition

20 APRIL 2023

15.30-16.00 COFFEE BREAK / HANDS-ON DEMONSTRATIONS

Session 4: 16.00-17.30 - Advances in AF ablation

Moderators: *Dr. Diego Penela, Dr. Tamas Szili-Torok*

- 16.00-16.15 Pre-recorded case 4: PFA in AF: less than 1h procedure (*Split University Hospital*)
- 16.15-16.25 Early AF ablation: is it justified? - *Assoc. Prof. Dr. Dragoş Cozma*
- 16.25-16.35 Personalised ablation irrespective of AF type? - *Dr. Diego Penela*
- 16.35-16.45 Cardioneuroablation in AF- *Assoc. Prof. Dr. Ştefan Bogdan*
- 16.45-17.00 Mapping and ablation of persistent AF sources - *Dr. Tamas Szili-Torok*
- 17.00-17.15 Fast &... efficient - new ablation technologies to address AF epidemic. – *Dr. Ante Anic*
- 17.15-17.30 Q&A, Panel discussion

17.30-18.00 FIVE O'CLOCK TEA SESSION/ ROUND TABLE

18.00 Cocktail

21 APRIL 2023

Session 5: 9.00-10.00 Transvenous CIEDs: infections management and alternatives

Moderators: *Dr. Horia Roşianu, Assoc. Prof. Dr. Dragoş Cozma*

- 9.00-9.15 Pre-recorded case 5: lead extraction (*Bucharest, SCUB*)
- 9.15-9.30 CIED infections & Lead extraction: timing vs outcome - *Dr. Corneliu Iorgulescu*
- 9.30-9.40 Alternative to transvenous leads part I: leadless pacing - *Dr. Horia Roşianu*
- 9.40-9.50 Alternative to transvenous leads part II: S-ICD - *Dr. Emilia Goanţă*
- 9.50-10.00 Q&A, Panel discussion

10.00-10.30 COFFEE BREAK / HANDS-ON DEMONSTRATIONS

Session 6: 10.30-11.30 Toward zero fluoroscopy EP procedures

Moderators: *Assoc. Prof. Dr. Radu Vătăşescu, Assoc. Prof. Dr. Ştefan Bogdan, Dr. Kai Sonne*

- 10.30-10.45 Prerecorded case 6: (near)fluoroless AF ablation (*Bucharest, Sanador Hospital*)
- 10.45-10.55 Fluoroless in pediatric EP: a new standard? - *Dr. Ioana Şuş*
- 10.55-11.05 Catheter ablation in pregnant women - *Dr. Berenice Suran*
- 11.05-11.15 Fluoroless in AF ablation: is it feasible? - *Dr. Dan Muşat (USA)*
- 11.15-11.25 Catheter ablations with real-time MRI guidance - *Prof. Dr. Philipp Sommer*
- 11.25-11.40 Q&A, Panel discussion

11.40-11.45 CLOSING REMARKS

Assoc. Prof. Dr. Radu Vătăşescu, Assoc. Prof. Dr. Dragoş Cozma
